## IT IS A FACT

Which nobody can dispute, that a large show window requires a good deal of work if it is to attract attention, and bring in the customers who are looking for men's goods. I have done my very best this week to make the show as handsome as possible, and it will be worth your time to examine the goods displayed and the prices at which I offer them.

First of all the line of Overcoats in all weights and colors, from the light fall overcoat to the heaviest and best Chinchillas, for Children, Boys and Men's, ranging in price from \$1.00 to \$25.00. Suits from a child's suit at \$1.25 to the best tailor-made suits for men at \$25.00.

Heavy Chinchilla Coats and Vests, in all shades, at prices to suit everybody. The underwear displayed is from a cotton shirt at 25c to the best natural wool at \$1.75 each. In dress shirts I have a full variety, from a 50c white shirt to a \$2.00 full dress one. Woolen shirts of all description and all prices.

The Hat department is full of the various styles of dress and slouch hats. Neckwear and Gloves were never so plenty as at present and at prices according to value.

You will be sure to get value for your money no matter what you purchase, as every garment is marked in plain figures and that is strictly the price for all.

—C. McElligott, of Pittsburg, spent Wednesday with his friend, Will Saunders.

—George L. Buck, of Indiana, and Miss Blanche Tanner, of Canton county, were married at the Methodist parsonage today by Rev. R. Wallace.

—The work of appraising the W. J. Young stock of groceries is going on. The stock will likely be disposed of at once when the appraisement is completed.

—The Ladies' Guild of St. Paul's church has extensive arrangements under way for a magnificent fair that will be given at City Hall, December 11 and 12.

—W. R. Emery, of Toledo, and J. G. Grassman, of Columbus, prominent railroad ticket brokers, held a conference in member C. E. Wiley's office last night.

—George Turner, who is representing the Gaynor fire alarm system, and has had a machine on exhibition in the Fisher block, has put up two non-interfering boxes.

—Joe Arthur was over from Bucyrus Wednesday. Joe has resigned his position on the Telegraph of that place and has accepted a position on the Galion Inquirer.

—The Roberts-Sailer Faust and Marguerite Co. have been playing to excellent business this season. They are undoubtedly dramatists of ability. See them at Music Hall tonight.

—Miss Helen Smith was agreeably surprised by a party of young friends on Tuesday evening, at her home on north East street, the occasion being her 12th birthday. A most enjoyable time is reported.

—The new Wallace-Evans block has begun to show up as quite a pretty structure. With the True corner adorned with a new building in the spring, the business part of west Center will be looking up.

—The Elks were busy today preparing City Hall for the social session tonight. The hall has been handsomely decorated. The brethren are requested to meet at 8 o'clock, and the lodge room will not be used at all. The entertainment will begin between 8 and 9 o'clock, and the banquet at 10.

—It is to be a black winter in the dress sense. Women as well as men are taking to black attire. The queerest eccentricity of sweet woman's whim for black is the silk tights that have become part of the fashionable female attire. The tights are stockings that extend to the hips, just as they are worn on the comic opera stage.

—Will Sanders, the pleasant and handsome clerk at the C. and E. freight house is the recipient of a very novel gift from a lady friend in Plymouth, Ind. It consists of two bottles of fine cider and four large apples. Billy is very proud of his present, and had the cider sampled by the rest of the boys at the office, who declare it to be first class.

—Burt McNally was arrested at the home of his mother on Patterson street this forenoon for being drunk and disorderly. He had been slashing things about the house and breking up the furniture and knocking out windows. Policeman Masterson, who lives next door, was sent for, and after some difficulty succeeded in locking the young man up.

—Complaint has been entered by the Salvation Army against a crowd of fellows who disturbed its worship Sunday evening at the open air meeting. The attack was shameful and quite annoying to the army, and if it is repeated there will likely be some arrests. While the Salvationists are not altogether popular, it is the intention of the authorities to protect them from the onslaughts of an abusive street crowd.

—Delaware Gazette. It is stated that the amount of freight traffic over the Big Four line is the heaviest in the history of the road. At the yards in this city last week, at times, the amount of freight requiring handling was so great that the force here was unable to attend to it, and the result was a blockade for a short time. Not only is this big increase in business noticeable here in Delaware, but at every station on the road, and unless the already over-worked force of men is relieved there is no telling what the result will be.

—Huntington Herald. The new C. and E. superintendent, Mr. F. E. Merrill, is in the city, having arrived last night. He confirms the report that the office of division superintendent will be transferred to Chicago. His stay here will be of short duration and it is thought that in a few days all necessary arrangements will have been perfected for the new order of things and for the removal of the office. The change will be no serious disadvantage to this city except the loss of the superintendent and his clerks. It will likely have no effect on any of the other departments and offices.

—The following from an exchange about men who retard the growth of a town bears repeating. "First, those who oppose improvements; second, those who run down their own town to strangers; third, those who can't push their business; fourth, those who mistrust public spiritedness; fifth, those who show no hospitality to any one; sixth, those who hate to see others make money; seventh, those who oppose every movement which does not originate with themselves; eighth, those who put on a long face when a stranger speaks of locating in town; ninth, those who oppose every public enterprise which does not appear of personal benefit to themselves."

Even the Men are interested in our Dress Goods windows and in the prices marked on the patterns. Our north window has just been filled with very stylish suitings—Camels' Hair Plaids, Cheviots and the ever popular Serges.

Black Dress Goods need to be inspected carefully. We have a very large stock of choice weaves and we think we can save you some money. Samples cheerfully given. If you can not decide on a color buy Black. Every lady, whatever the age, looks well in Black.

Natural Wood Handles! We have just placed on sale an assortment of fine Silk Umbrellas with very artistic handles. They make acceptable presents.

Capes—they are very desirable—Monkey, Beaver, Wool Seal, Astrachan, Coney, Etc. Muffs to match everything.

## D.A. FRANK & CO.

Cash and One-Price Dry Goods House, Masonic Block, Marion.

—The trustees of the Gymnasium Club have rented the Bennett Hall and will proceed with the work of fitting it up as fast as the money is obtained.

—W. F. Hile, yard foreman of the C. and E. received a message Monday, bearing the sad news of his father's death at Osseo, Mich. Mr. Hile started for there Tuesday. His father was a resident of Galion for 24 years and has many friends in this city who will be sorry of his death.

—In referring to Dr. Martin's removal to this city the Star inadvertently referred to him as a homeopathic physician. Learning different we hasten to correct it by saying he is of the regular school of medicine. The writer has been trained in the way of homeopathy and, wanting to give the Doctor a neat send off, we attributed him to the new school to which it was thought he belonged. Any way the Doctor is a good fellow and we are glad he has come among us.

—The Atlanta Constitution says of the Schuberts, who appear here tomorrow evening under the auspices of the Irving-Longfellow societies: "It is difficult in a short notice to do anything like justice to an entertainment so thoroughly excellent as is that of the Schubert Quartette. It is hardly an exaggeration to say that of all musical entertainments which Atlanta has ever seen, this is the best. Every performer is a true artist, the program is well selected, and the rendition of it is exquisite."

—The Business Men. The merchant who transacts his business in a business way will place his advertising where a judicious outlay will bring the best results. He will prefer to spend \$5 for an advertisement in a paper that issues 2700 copies than to spend \$3 in one that issues a thousand or less, or four hundred or less as some do. It pays to look into these matters. Service considered, the Star is much the cheapest and absolutely the best advertising medium in Marion. Now is the time to make contracts for holiday advertising.

Verdict for \$500. Another damage suit was decided in common pleas court Wednesday, being that of John McAndrews against the N. Y. L. E. and W. Railway Co. The jury returned a verdict in favor of plaintiff, assessing his damages at \$500. The company's attorneys had offered to settle for this amount without going to trial, but plaintiff wanted the assurance of a life suit. He sued for \$10,000.

The case of Mass vs. The Village of Marion was begun this morning. Closing Out at Cost. The entire stock at George Fields' saloon and restaurant, near Erie depot, is to be closed out at cost. There are wines and liquors, tobaccos and cigars, canned fruit, sardines, oysters, and other eatables. All will go cheap. Call early. —George Fields.

Children Enjoy The pleasant flavor, gentle action and soothing effects of Syrup of Figs, when in need of a laxative, and if the father or mother be constipated or bilious the most gratifying results follow its use, so that it is the best family remedy known, and every family should have a bottle.

Have you bought your Jacket? We should like to show you. We have the newest shapes. Many of our best things are confined styles, controlled by us in the city. Some very new effects in Plush and Astrachan.

Underwear! Do not wait until severe cold weather is upon us. Men's Natural Wool at 75c; Ladies Natural Wool; also Dr. Warner's Health Underwear for ladies, men and children in both Camels' Hair and Natural.

A Few Pairs Left—these Mechanicsburg Blankets, made of pure wool, well twisted—equal to the home-made, but softer. They will wear a lifetime. The natural wool blankets are serviceable and warm.

Carpets! New fall patterns at the lowest prices they were ever sold at. Our carpet department is full of choice things for the holiday trade.
